ODT

• "Select FAS Grade" basswood

**DECORATIVE BEADED STILE** 

in thickness with decorative bead detail on the inside edge of stile.

Nylon tenons allow virtually friction

free operation of louvers. Shoulder of tenon prevents end of louver from

coming in contact with inside of stile

even after multiple coats of paint.

Brass finish knob is polished and

lacquered to retain mirror luster.

Tilt control arms measure 3/8" x 1/2". Yoke pins are effectively glued in

position and should never fall out.

All inner stiles are rabbeted

allowing adjacent panels to

interlock with each other.

RABBETED STILES

**BRASS FINISH KNOB** 

TILT CONTROL ARM

Stiles measure 2" wide by 1

**NYLON LOUVER TENONS** 

- "Clear grade and better" white pine
- Other species available on request

# TOP RAIL

The top rail measures 3/4" in thickness with 3/8" lightblind.

## **CARIBBEAN LOUVER**

Louvers measure 3 1/2" x 3/8" spaced at 3" on center. Louvers are tapered in an elliptical design with 1/2" closure.

# **LOUVERS ARE BALANCED**

Balanced louvers hold their position naturally. There is no tension adjustment mechanism required.

### **LOCK RAIL**

The lock rail provides critical structural integrity at the center of the panel while dividing the louvers to offer separate function of top and bottom sections.

# **MORTISED HINGES**

All outside hanging hinges are mortised to a depth of 1/8".

## BRASS FINISH OFFSET OR BUTT HINGES

Hinges measure 2 1/2" /.063" gauge.

# **BOTTOM RAIL**

The bottom rail measures 7/8" thickness with 3/8" lightblind.

# MORTISE AND TENON CONSTRUCTION

Three hardwood dowels measuring 3" x 3/8" diameter provide the strongest possible joinery - spiraled dowels assure uniformity of glue coverage.

### **ALL DEVENCO SHUTTERS**

are shipped with an extra louver pre-cut and pre-finished complete with louver replacement kit and instructions.

ALL DEVENCO SHUTTERS ARE MANUFACTURED TO YOUR EXACT SIZE SPECIFICATIONS AND ARE PRE-FINISHED TO MATCH ANY COLOR.
ALL SHUTTERS MANUFACTURED BY DEVENCO ARE FULLY GUARANTEED FOR BOTH MATERIAL AND WORKMANSHIP.
